

Lights, Camera, Action!

Learn to operate the audio, video and streaming equipment and help St. James' spread the Word

Each week, St. James' shares its service with the world via YouTube, with more than 50 remote members of the congregation watching the service, either live on Sunday or at a time that works better for them during the week. We also share special services, musical arrangements, outdoor events and anything else that we can do to help members of the congregation who are not able to join us in person feel welcomed as a part of the parish family.

Chapter 15 - Deeper magic from before the dawn of time

An Order for Compline
St. James' Episcopal Church, Glastonbury, CT

Sept 10, 2023 - Worship Service

Operating the equipment is easy to learn and fulfills an important part of St. James' mission to invite and welcome all people to the Church. Volunteers typically serve no more than once each month (and less frequently if we recruit a few more!) and can provide their availability online to accommodate flexible schedules. For more information or to schedule a demonstration of the equipment, please contact John Korber at jkorber@gmail.com or 860-468-9601.
